

Reviewing Element Names and Symbols

Goal • Review the names and symbols of various elements by finding them in the periodic table.

What to Do

Complete the following tables. Refer to the periodic table in Appendix C of your textbook.

1. Write the full name of the element beside each symbol.

Symbol	Element name	Symbol	Element name
Cl		Ca	
C		Mg	
Ne		Si	
N		S	
He		P	
F		K	

2. Write the correct symbol next to the name of each element.

Element name	Symbol	Element name	Symbol
sodium		gold	
lithium		silver	
aluminum		copper	
boron		cobalt
