

**Goal** • Practise balancing skeleton equations and identifying the reactions as synthesis or decomposition reactions.

### What to Do

Balance each skeleton equation in the space provided. Then identify the reaction as a synthesis or decomposition reaction.

Balanced equation: \_\_\_\_\_

Type of reaction: \_\_\_\_\_

Balanced equation: \_\_\_\_\_

Type of reaction: \_\_\_\_\_

Balanced equation: \_\_\_\_\_

Type of reaction: \_\_\_\_\_

Balanced equation: \_\_\_\_\_

Type of reaction: \_\_\_\_\_

Balanced equation: \_\_\_\_\_

Type of reaction: \_\_\_\_\_

Balanced equation: \_\_\_\_\_

Type of reaction: \_\_\_\_\_

Balanced equation: \_\_\_\_\_
